Q12	<p>Further information and comments:</p> <p>My daughter has come far and the school have informed me of concerns.</p> <p>Having just moved into the area at the start of term. My daughter has settled in well and we have been made very welcome.</p> <p>Thank you for supporting my daughter. She has made really good progress since starting in September. She has become very confident and chatty.</p> <p>I have been overwhelmed by the support I have received so far. My daughter has a medical condition and each staff member has really gone out of their way to understand the help required making me feel completely at ease. The kitchen staff have also played a huge part in this.</p> <p>I liked how parents evening was laid out. It was good to see governors too.</p> <p>It is good to see that after-school clubs have come into school. My child currently lacks confidence but I am hoping that this will change as new IEP is embedded.</p> <p>I like the recent Harvest festival. I hope that these life lessons and social awareness sessions continue.</p> <p>I have no concern and am happy with my child's development.</p> <p>There have been challenges at the school but we are happy that every effort has been made to try and improve things and we feel that Mrs Ellison and our daughters class teachers genuinely care about them and want the best for them. Thank you for being so approachable and for listening to our concerns.</p> <p>No concerns at present, very happy, thank you.</p> <p>You are doing a great job leading Whitnash Primary School and you can clearly see how happy the children are and how much they love you! Great job!</p> <p>What a fantastic turn around in the school since January. Mrs Ellison cares about the children and not just about how the SATs results go!! Fantastic connection with children and parents, teacher seems more relaxed.</p> <p>SENCO improvement too, room for more!</p> <p>I feel that the school has improved a lot since my eldest was there two years ago (and since moved to Briar Hill). I felt she was not progressing according to her abilities and they struggled to challenge her. My concerns about this were not listened to. Now my youngest daughter is progressing well and I feel listened to. I can see that the school is changing and improving so thank you!</p> <p>At the beginning of term there was a bit of up-heaval due to Mrs E being off which made my daughter feel a little unsettled. However, absolute credit to the school as the issue was dealt with quickly and effectively and she seems to be settling well, after her first five minutes of drop off anyway!</p>
