Whitnash Primary School
Learning, growing and succeeding together

Year 5 Homework Menu – activities for the Week Commencing Monday 29th June 2020

Please find below a range of activities to choose from for the next week – the activities are all following on from previous learning and moving onto new learning planned for this term. ☺

English – Grammar and spellings	Maths	Maths	Maths
Choose 10 spellings from the Year 5/6 Spelling list - ask a grown up at home to test you every day on them. **Extension:** Write each spelling word in a sentence – remember to check your spelling and punctuation carefully! Could you extend yourself further by writing your sentences about the Tudors?	Complete a CLIC activity for three days this week. (Arithmetic Style questions). Choose whether you want to complete Mild, Medium or Spicy. Or complete all three! Then for three days next week, either choose one of the harder options or create your own version of CLIC and test a family member…how do they get on?!	Recap Percentages from last week: https://www.bbc.co.uk/bitesize/articles/zhntwnb https://www.bbc.co.uk/bitesize/topics/znjqtfr	**Write percentages as fractions and decimals** https://www.bbc.co.uk/bitesize/articles/zynhjsq Watch the clips and complete the online activities.
English – Grammar and spellings Visit the following website: https://www.bbc.co.uk/bitesize/guides/z4s9q6f/revision/1 Read about the Spanish Armada and watch the video; What was it? What happened? Have a go at the online test – how did you do?	**Topic** Create your own informative poster or leaflet on the Elizabethan times and the Spanish Armada. Explain this period of time and what happened, include pictures and make it as colourful as possible. When you have completed it, take a picture to send in to go in the newsletter so we can share your hard work!	**Maths** Complete the attached **Percentages of amounts worksheet**	**Maths** Your starting number is : **200** Find: **10%** **90%** **35%** **80%** **11%** **2%**

Reading

In our next topic in Kings and Queens, we were going to be studying the Victorians. Read and complete the attached comprehension on Queen Victoria to find out more about her.

English – Accelerated Reader

Read a book and complete your Accelerated Reader Quiz!

Our total last week was

6,997,462

Let's do as much reading as we can to stay in the lead and reach 7,000,000!!!

Maths

In a school of 260 children 55% are girls. How many girls are there? At the same school, 10% of children leave for a school trip. How many pupils go on the trip?

A man bought a TV for £300. He had to pay a deposit of 15%. How much did he pay?

Maths

A box contains 500 apples. 32% are rotten. How many apples are rotten?

A test has a total of 80 marks. To pass, you need at least 45%. How many marks do you need to pass?

Science

LO: We are learning to explain how night and day occur.

How does night and day occur?

Task: create a diagram and write an explanation on how night and day occur.

Use these links to help you:

https://www.bbc.co.uk/bitesize/topics/zkvv4wx/articles/ztdnyrd

https://www.bbc.co.uk/bitesize/clips/zrd9wmn

Science

LO: We are learning to understand different time zones.

Using the map of the world handout below, identify how many hours in front or behind GMT each of the countries below are:

Norway, Egypt, India, Japan, Peru, Ukraine, Iran, Russia, Canada, Australia.

Why do countries have different time zones? Why are China and India special?

Maths

If 100% of something is 200. What do you think 110% is? EXPLAIN your answer.

Create your own similar percentage questions to solve – ask a grown up to check them!

Maths

Play some online Maths Games!

A Maths website from the school list to access a variety of Maths games

Hi Year 5! I hope you are all ok and have had a great weekend! Well done on all the wonderful work you are doing – remember to email it in to Mrs Ellison to show me and for it to go in the newsletter! Keep up all your fabulous efforts with your amazing Reading scores – we have almost hit our 7,000,000 mark – let's see if we can stay in the lead for the rest of the term!! Keep it up and remember when you have read a book, you can complete the Accelerated Reading quizzes by following the link on the school website!
I am so proud of you all and cannot wait to see you soon!
From Miss Simmons 😊

Queen Victoria

Until 2015, Queen Victoria was the longest-serving British monarch (king or queen) with over 63 years as The Queen. She is the great-great-grandma of Queen Elizabeth II (our queen), who is now the longest-serving British monarch. All the time that Victoria was queen is known as The Victorian Age.

Early Life

Victoria was born on 24th May 1819 and lived at Kensington Palace in London with her parents Princess Victoria of Saxe-Coburg-Saalfeld and Prince Edward, Duke of Kent and Strathearn. Her father was the fourth son of George III so this made Victoria fifth in line to the throne. In her early years, she had little freedom and she had very strict rules to live by including sleeping in the same room as her mother. This was to keep tight control over her. This made Victoria very stubborn. She also started writing a diary at this time, which she carried on for most of her life.

Victoria was still young when she became Queen at just 18 years old. The first thing she did when she became Queen was have one hour to herself – something she had never had before! Her coronation (when she was crowned) was the next year or 1838 at Westminster Abbey.

Did you know?

- She was only 4 feet 11 inches tall (about 150cm).
- Queen Elizabeth II is her great-great-granddaughter.
- She was christened 'Alexandrina Victoria' and was known as 'Her Royal Highness Princess Victoria of Kent'.
- Victoria survived seven assassination attempts (people trying to kill her) during her time as Queen.

Victoria and Albert

Victoria is famous for having a long and happy marriage to her husband (consort), Albert. They met when Victoria was just 16 years old and he was actually her cousin. Due to the fact that she was Queen, he was not allowed to propose to her, so she had to propose to him and did so on October 15th 1839. They were married the following year on 10th February 1840 and later she wrote in her diary: 'Without him everything loses its interest'. Together they had nine children and lived in Buckingham Palace. They also

spent happy times at Balmoral in Scotland where Albert had built a castle. They were happily married until Albert's death in 1861 after which she wore black for the rest of her life.

End of an Era

Victoria died at the age of 81 on 22nd of January 1901 at her Osborne House Estate on the Isle of Wight. This meant her son, Albert Edward, became the new King. She had been a loyal queen to her country and during her time, witnessed many important changes in industry, travel and technology. During Victorian times, Britain became the most powerful country in the world. The British Empire was the biggest in the world and ruled over one quarter of the world's population. Even though she has now been overtaken by Elizabeth II for the longest reign, she was still a really important queen!

The reign of Queen Victoria

Use the text to help you answer these questions.

1. Who is Queen Victoria's great-great-granddaughter?
2. What was the name of her husband?
3. Where was she crowned?
4. What was different about her clothes after Albert died?
5. What is a 'monarch'?
6. Where was her Balmoral home?
7. What was the name of her house on the Isle of Wight?
8. In the **Victoria and Albert** section, what does the word 'propose' mean?
9. Why couldn't Albert propose to Victoria?
10.   Do you agree that she was a 'really important queen'? Explain your opinion.

CLIC Daily Arithmetic Activities

Day 1

Mild	Medium	Spicy	Remember:
Write in Roman Numerals:	Write in Roman Numerals:	Write in Roman Numerals:	1 = I
			5 = V
18	99	459	10 = X
32	145	1,354	50 = L
45	178	1,798	100 = C
64	354	1,999	500 = D
99	462	2,020	1000 = M

Day 2

Mild	Medium	Spicy
Round to the nearest 10:	Round to the nearest 100:	Round to the nearest 10 and 100:
64	234	546
58	457	1,767
96	679	4,509
112	1,509	12,365
153	2,308	24,931

Day 3

Mild	Medium	Spicy
2.4 + 3.7 =	12.4 + 6.7 =	122.5 + 15.7 =
5.3 + 4.6 =	25.8 + 15.4 =	145.6 + 56.5 =
3.45 + 4.6 =	25.84 + 9.09 =	234.09 + 44.44 =
2.8 + 6.09 =	23.07 + 15.46 =	143.006 + 23.65 =
6.74 + 4.34 =	45.07 + 21.48 =	257 + 123.65 =

Percentages of amounts

	50%	25%	10%	20%	35%
