

**Year 3 Homework Menu - Summer term**

<p><b><u>Science 1</u></b> <b><u>Skeleton Construction</u></b></p> <p>Have a look at the skeleton below. It has all fallen apart! Can you put it back together? Have a go. Then, name and label all of the bones you can.</p>	<p><b><u>Science 2</u></b> <b><u>Skeletons</u></b></p> <p>Choose an animal. Research what its skeleton is like. Draw or print off a picture of your chosen animal's skeleton.</p> <p>Can you name any of the bones? For extra marks, are there any bones that both your chosen animal and a human have?</p>	<p><b><u>Science 3</u></b> <b><u>Muscles</u></b></p> <p>What is muscle? How do muscles work? Research everything you can about muscles. Draw a labelled diagram of muscles. Can you explain how they work?</p>	<p><b><u>Topic</u></b> <b><u>Ancient Greece</u></b></p> <p>Using a mind map, write down everything you know about Ancient Greece. Don't worry if you don't know anything.</p>  <p>If you don't know anything, write our 5 questions you would like to find out about Ancient Greece, research and write the answers.</p>	<p><b><u>Topic</u></b> <b><u>Global Warming</u></b></p> <p>The Ancient Greeks are very well known for their pottery. It was special because they used to paint pictures on the pots and vases that told a story - a myth. Design an Ancient Greek vase design, retelling a myth. Use the vase template below to help you.</p>
<p><b><u>Computing -Powerpoint</u></b></p> <p>Using Power point on the Welearn homepage, create a presentation of all of the research you have completed about the Ancient Greeks.</p> 	<p><b><u>French</u></b></p> <p>Log onto Language Angels and click on:</p>  <p>Choose what kind of device you are working in on then click</p>  <p>After that, click</p>  <p>Work your way through Any of the games that are on there.</p>	<p><b><u>RE</u></b></p> <p>Hindus, Muslims and Christians pray in many different ways, both using set forms of words.</p> <p>Can you find how Hindus, Muslims and Christians pray? Complete a little fact file for one of these, or all three!</p>	<p><b><u>Music</u></b></p> <p>Use the link below to login to YUMU <a href="https://www.MusicForLifeInteractive.net/yumu">https://www.MusicForLifeInteractive.net/yumu</a></p> <p>Your username is: <b>p1850084</b> Your password is: <b>canary</b></p> <p>Listen to 'Bringing us together,' What kind of music is it?</p> <p>Listen carefully to the song, can you list all of the instruments you can hear?</p>	<p><b><u>PE</u></b></p> <p>Have a look at the challenge below (Larger version below)</p>  <p>Did you manage to knock them all down?</p>

I can identify and name bones.

Cut out and create your own skeleton!

**Key Words:**

skull, rib, rib cage, collar bone, ankle bones, upper arm bone, thigh bone, lower leg bone, finger bones, hand bones, shoulder blade, jaw, backbone, wrist, hips, knee cap, foot bones, lower arm bones, toe bones, breastbone

TOPIC - Ancient Greek vase

Decorate your own Greek vase.

## Challenge Card 14 Skittles

**This is a target game, a bit like ten pin bowling!**

- 1) Get some skittles and set them out in a line with gaps between each one.
- 2) Get into pairs and stand opposite each other so that the skittles are in the middle of you.
- 3) You can have two pairs to each set of skittle if you want.
- 4) Try and knock down as many skittles as you can. If you miss the skittle and the ball goes through a gap, then your partner on the other side should stop the ball and then they should try and hit a skittle.
- 5) The winning team is the one who has knocked down most of the skittles when the time is up.
- 6) To make it a bit more difficult, make the gap between the skittles bigger. If you need to make it a bit easier, make the gap between the skittles smaller.

### Remember

- \* Only use the flat side of the stick (if this is the Quicksticks stick, this is the green side)
- \* Look up and try not to kick the ball!

### Equipment

- Skittles – these can be made out of recycled plastic bottles filled with either sand or water
- One stick (per person) – if you don't have a hockey stick, attempt this by rolling, hitting or kicking the ball instead
- One ball (per pair) – you can use a ball of any size or shape that you have at home

### Technique

- Look up and aim for the target before you push the ball towards the skittles
- Stand sideways, bend your knees to get lower to the ground, and keep your grip on the stick nice and wide to both pass and receive the ball
- Try to 'push' the ball towards the skittles as opposed to 'hit' it, and as you receive the ball, pull your stick back to cushion its movement. Try to do these without the ball/stick making a noise!

#### Make the challenge a little **EASIER**:

- Place the skittles closer together
- Use bigger skittles, or a bigger ball
- Move closer to the targets
- Put 2 or 3 players each side of the gate

#### Make the challenge a little **HARDER**:

- Place the skittles further apart
- Use smaller skittles, or a smaller ball
- Mover further away from the targets
- Put only 1 player on each side of the gate
