Dear Parents /Carers

A jam packed week yet again this week! The children have been out and about, participating in lots of enrichment activities.

Year 6 and Year 5 have been to Campion School to take part in an ICT session this week. Miss Simmons and Mrs Ford reported back that the children got a great deal from it and represented our school well.

The Year 1 children have been to St Margaret's Church today to learn all about Christian worship. This is part of their wider Religious Education curriculum. Once again the children were exceptionally well-behaved. Well done Year 1!

Year 3 and 4 enjoyed participating in the Campion show on Tuesday evening. They were fantastic and have been rewarded with class certificates in our Achievement Assembly today for great behaviour and enthusiasm.

We would like to express our thanks to Campion for their great partnership, and to our parents who attended The Lion, The Witch and The Wardrobe performance this week.

On Thursday evening we had our PTA Bingo night. This was really well supported by our families. We thank all of you who were able to attend. We of course also express our sincere thanks to the PTA and Mr Johnson (our expert Bingo Caller) for all their work and support for our school.

Wishing you all a fabulous weekend.

Mrs Ellison, Headteacher

**Do you have a passion for Science? Do you use Science in your daily job?
Would you or your company be prepared to support Science at Whitnash Primary school?**

Our school is currently undertaking the Primary Science Quality Mark as part of its drive to providing your child with an outstanding experience of primary science. We are looking for people and businesses who would like to support us on our journey. Any help would be gratefully received, from donations of supplies, to expertise you are happy to share, to visits from 'real scientists' or anything else that will help inspire and excite our children about the impact of their studies on the real world. We would be extremely appreciative.

Please contact Jenny Roger, our science lead, if you have any thoughts about how you could help us.
