

Year 6 Home Learning Menu Week Beginning 20th April 2020

ENGLISH		MATHS	
<u>READING #1</u> Read 'Rainforest' extract English Activity sheet 1 Answer the questions attached to that. <i>*Read the text online & write the answers in your purple book.</i>	<u>GRAMMAR 1</u> Read the story English Activity sheet 4 Look for examples of cohesion (links in the writing) as directed. <i>*links can be highlighted or listed in your purple book.</i>	<u>Five a Day</u> Complete five CLIC style questions each day <i>Use the Maths Activity sheet 1 below</i>	<u>Place value & Roman Numerals</u> Complete the reasoning questions <i>Use the Maths Activity sheet 5 below</i>
<u>CREATIVE</u> Draw one or more illustrations to accompany the paragraphs read <i>*Think about pictures that reflect what has been written.</i>	<u>WRITING</u> The grammar was a story of someone in the wrong place at the wrong time. Write a short narrative extract of someone 'wrongly placed' in the rainforest <i>*Grammar: include repetition and fronted adverbials. (take some from the grammar)</i>	<u>Money</u> Complete the reasoning questions <i>Use the Maths Activity sheet 2 below</i>	All this week's reasoning have a YouTube link. Have a go at the questions before looking at the help/answer!
<u>SPELLING</u> Pick five key spellings that fit the information on Rainforests English Activity sheet 2 <i>*Learn the spelling</i> <i>Write them in sentences about the rainforest</i>	<u>WRITING</u> Write a persuasive text encouraging people to fight against deforestation. <i>*Grammar: think of fronted adverbials</i> <i>For example: Yesterday, At the property, Bringing the family out,</i>	<u>Time</u> Complete the reasoning questions <i>Use the Maths Activity sheet 3 below</i>	<u>Maths Games</u> Go to Purple Mash or a website from the school list and access some maths games
<u>READING #2</u> Read 'Deforestation' extract English Activity sheet 3 Answer the questions attached to that. <i>*Read the text online & write the answers in your purple book</i>	<u>WRITING</u> Write an acrostic poem about the rainforest <i>This means writing 'Rainforest' down your page and using each letter to start a sentence</i> <i>Use thoughtful ideas from all your reading and any work from the topic menu</i>	<u>Reading Graphs</u> Complete the reasoning questions <i>Use the Maths Activity sheet 4 below</i>	Times Tables Get someone at home to test you for 1 minute or Play 'Hit the Button'

Rainforests ~ Facts

What is a Rainforest?

Rainforests are huge forests that have a large amount of precipitation. They are found in all continents of the world apart from Antarctica (due to the temperature). There are two types of rainforest: tropical (in the tropical, warm zone near the Equator) and temperate (in the temperate zone further away from the Equator). Most rainforests are tropical, with tall trees, warm climates and lots of rain. It can rain one inch of rain per day in some! The largest rainforest is the Amazon Rainforest in South America.

Fact File in Numbers

- 2% of the Earth's surface is covered in rainforest.
- 50% of the plants and animals of the world live in rainforests.
- $\frac{1}{3}$ of our fresh water is found in a rainforest in the Amazon Basin.
- $\frac{1}{4}$ of natural medicines have been found in rainforests.
- 70% + of the plants that are used to treat cancer are found **only** in the tropical rainforests.

The Canopy

The rainforest trees are in such close proximity, that the branches and leaves at the top of the trees touch each other and form what is referred to as 'The Canopy', which acts a bit like a roof for the forest. The canopy can be approximately 30m above the ground. The canopy is hotter and drier during the day than other parts of the rainforest so animals that live there have adapted. Some have loud calls in order to communicate in the thick foliage and some are able to jump from tree to tree.

The Forest Floor

This is dark and humid because of the canopy, but still is a very important part of the ecosystem. The floor is where dead animals and plants decompose and all of the nutrients and materials are recycled. Also, the larger animals are found here including tapirs, elephants, tigers and jaguars.

Why are they so important?

Rainforests do a few things that are critical to our life on Earth. One important thing that rainforests do is they use photosynthesis to take in carbon dioxide and make oxygen which we need to breathe and survive. This is why they are called 'The Lungs of The Earth'. They also help keep our weather system stable by absorbing carbon dioxide, creating rainfall and keeping temperature stable. They also affect the water cycle as they hold so much water which condenses into the atmosphere. So, how can we manage without them?

English activity 1 ~ Reading Comprehension Questions #1

1. Name the two types of rainforest.
2. In the fact file, the author mentions 'fresh water'. What do you think fresh water is?
3. Near the end of the text, why does the author say rainforests are like the 'Lungs of the Earth'?
4. In 'The Canopy' section, what does the author mean by 'close proximity'?
5. A rainforest is an 'ecosystem'. What is an ecosystem?
6. It is very crowded and leafy in the canopy. How do some animals communicate because of this when they cannot see each other?
7. Why is the forest floor dark?
8. Name one way that the rainforests affect our life on Earth.
9. In the Fact File in Numbers, why has the author emphasised the word 'only'.
10. Read the last line...what is your opinion and why?

Year 5 and 6 Statutory Spellings

All about...

Rainforest Deforestation

Rainforests are an essential part of our planet, providing oxygen, absorbing carbon dioxide and housing 50% of the animal and plant species of the planet. Not to mention, the medicines and cures that are made using plants only found in a rainforest environment.

Deforestation

Deforestation is the term used for the destruction of the rainforests. This is being done by burning them, chopping down the trees, or in some cases, flooding the areas. This is happening at such a rate that an area the size of twenty football pitches is being destroyed every sixty seconds! If the current rate of deforestation continues, it will take less than a century to destroy all the rainforests on Earth.

Fact File in Numbers

- 20% of the world's oxygen is produced in the Amazon forest.
- 28,000 species of animals are expected to become extinct in the next 25 years due to deforestation.
- $\frac{1}{2}$ of the tropical rainforests that we had have already gone.
- Global production of palm oil has doubled over the last decade.

Why are they being destroyed?

The biggest reason for deforestation is to clear space for food manufacturing, including cattle to be farmed for cheap beef and also growing large crops, such as soya beans and palm oil. Palm oil is now a valuable commodity worldwide and is in many products such as shampoo, detergent, chocolate and cosmetics. In addition, other causes of deforestation, which are also related to making money include; chopping down and using the wood from the forest, building roads for mining metals, gold or diamonds, flooding areas to make dams to generate electricity and also digging for oil.

How can they be saved?

There are plenty of charities fighting against deforestation and people can always help by raising money for those charities. Also, think about the reasons that the forests are being destroyed and how some little changes in your everyday habits could help. For example, the cheap beef farmed in the areas that used to be rainforest land is often used in fast food chains. Could you avoid eating fast food from these outlets? You could also check on your supermarket food labels for the country of origin of any meat you buy. Was it farmed in an area where deforestation is taking place? You could also use rainforest-friendly wood so you know it is not a by-product of deforestation. Finally remember, paper comes from trees so any paper saving you can do, as well as recycling, will help the environment.

1. Using the introductory paragraph, give one reason not to destroy rainforests?
2. Name **ONE** of three ways a rainforest can be destroyed?
3. In the final paragraph, what type of adjective is rainforest-friendly?
4. In the fact file, what does the author say will happen in the next quarter of a century?
5. Why does saving paper help the rainforest?
6. In the paragraph, the author refers to palm oil as a 'valuable commodity'. What is a valuable commodity?
7. What are the main reasons described to explain why deforestation is happening
8. In the 'How Can They Be Saved?' paragraph, why do you think the author has asked questions.
9. What is your opinion about deforestation. Will you try and make changes in your day to day behavior?

Cohesion (links) across Paragraphs

Read the story and look for the following skills that have been used to create cohesion/links in or between paragraphs.

1. Repetition of words or phrases
2. Fronted adverbials at the start of some sentences

Print and highlight the skills, highlight online or list examples in your purple book

Jasper looked up at the sky and a sense of panic began to set in. It would soon be dark and he was not home. The streetlamps flickered above his head, threatening to light; the darkness was looming menacingly.

Only yesterday he had promised to avoid the blackness of night. Only yesterday he had promised to never get caught. Yet here he was, out in the street, with the blackness poised ready to envelop him. He thought about what he had done that day and he was glad that he had managed to see the match.

It arrived. The promise was broken and Jasper felt the changes begin.

In the beginning, Jasper did not worry about being seen. In fact, he actually wanted to be. It made him laugh to see the shock on people's faces, but things were different now.

As a consequence of his recklessness none of his kind were permitted to change in the open and they had to be back by nightfall. Luckily they were allowed to go out in the daytime and Daisy particularly enjoyed being in the sun and watching the birds.

It was not that he had intended to be reckless. His instinct had just taken over - it was so strong. He had narrowly avoided the first group of people as he charged but the second were not so fortunate and . . .

The police spokesman described the scene as 'carnage' on the news. 'Carnage' to Jasper seemed a little strong. There were scratches, yes, blood too, but everyone had escaped with their lives hadn't they?

English Activity sheet 5 ~ persuasive writing

Text Type:	Persuasive Writing	UKS2
Purpose:	To argue the case for a point of view. To persuade the reader to agree or to act.	
Text Features:	<p>Written in the present tense: (<i>is, has, are, do</i>)</p> <p>Written in the first, second or third person: (<i>I/we, you/your, he/she/they/it</i>)</p> <p>May use bold and varied font styles, illustrations, photographs to gain attention</p> <p>Use of emotive language to gain reaction from reader.</p> <p>Use of "special effects" to reinforce points, such as humour, questions to reader, repetition, alliteration, shock tactics</p> <p>Author's view, 3 arguments with supporting evidence and a conclusion</p>	
Openers:	<p>Sequence: <i>In the first place..., Secondly..., Also..., Finally..., In conclusion</i></p> <p>That persuade: <i>The fact is..., Most agree that..., One reason is..., It is important to..., Furthermore..., It would be better if..., Another reason is...</i></p>	
Connectives that persuade:	<p>Emphasis: <i>clearly, above all, especially, indeed, in fact, surely, significantly, naturally, more important(ly), of course, undoubtedly, obviously, (un)fortunately,</i></p> <p>Opinion: <i>it would seem, it appears, supposedly, on the strength of, some people believe, in my opinion, on the other hand, however, even so, despite this</i></p> <p>Illustration: <i>for example, for instance, such as, in other words, as shown by, to show that, this can be seen in, except for, unless</i></p>	

Paragraph 1: The main argument and the author's view
Paragraph 2: The first argument plus some supporting evidence, (In the first place...)
Paragraph 3: The second argument plus some supporting evidence, (Secondly...)
Paragraph 4: The third argument plus some supporting evidence, (Finally...)
Paragraph 5: A summary of the main points and a concluding statement

Maths Activity sheet 1 ~ CLIC style mental arithmetic questions

Monday
