

Modern Languages

INTENT

Our vision is for all pupils to become lifelong language learners. The focus language at Whitnash is French. It is our aim to nurture confidence, enthusiasm and a love of languages.

IMPLEMENTATION

Through positive language learning experiences supported by the Language Angels Learning Programme, we aim to facilitate the development of effective and transferable language learning skills that will support their future learning in secondary school.

IMPACT

Assessment criteria linked to the National Curriculum, Target Tracker and Language Angels aims to enable teachers to assess the progress of children in their language learning as they move through Key Stage 2, ensuring that children are supported and challenged as appropriate.

It is intended that when children leave Whitnash Primary, they will have a natural curiosity and confidence to explore, other countries, cultures and languages, accepting that, in a multi-lingual society it is a valuable skill to be able to communicate effectively with others in another language. They will be engaged and prepared to continue language learning at secondary school.
